

INSULATION CUT LIST

INTERIOR INSULATION

Cut and load in this order, back to front of the insulation cart, bottom level.

Quantity	Dimensions	Notes
12	24"x84"	Mark "Side Wall"
2	24"x42"	Mark "Under Window" (2 pieces from one bat)
1	24"x84"	Mark "Back Wall"
1	24"x67½"	Mark "Under A/C"
2	15"x84"	Mark "Skinny"

EXTERIOR INSULATION

Cut and load in this order, back to front of the insulation cart, top level.

Quantity	Dimensions	Notes
8	24"x45½"	Mark "Middle Roof" (2 pieces from one bat)
4	18"x45½"	Mark "End Roof" (2 pieces from one bat)

Save some of the 12" cutoff pieces for use as insulation for structural triangles; small pieces should be put into trash. There is a black plastic bag for the saved insulation, next to the insulation storage area.
